

Guidelines Pocketcards are multi-folded cards containing society-endorsed, evidence-based treatment guidelines in a brief step-by-step format that is most preferred by practicing clinicians, quality managers, nurses, educators, and medical students. The Aspergillosis Guidelines Pocketcard is endorsed by the Infectious Diseases Society of America (IDSA) and based on the latest IDSA guidelines. This practical quick-reference tool contains screening, diagnostic, treatment algorithm, drug therapy, dosing information, patient monitoring, and counseling points. The Aspergillosis Guidelines Pocketcard provides all that is needed to make accurate clinical decisions at the point of care.
